Cal OES
GOVERNOR'S OFFICE
OF EMERGENCY SERVICES

SITUATION SUMMARY

Interstate 5 Closure, Grapevine, Kern/Los Angeles Counties

- The California State Warning Center received reports that both directions of I-5 was closed due to icy conditions
 - As of 0536 hours, Caltrans reports that Southbound lanes have been reopened from the Los Angeles/Kern County Line to 6.8 miles south of the junction of SR 138 at Vista Del Lago
 - Northbound lanes are opened with CHP escort 6.8 miles south of the junction of SR 138 at Vista Del Lago to the Los Angeles/ Kern County line

Southern Region Winter Storm, Multiple OAs

- A winter storm moved into Southern Region overnight with rain and high winds expected through today. Los Angeles and Santa Barbara Counties opened armories as shelters in advance of the weather.
- The Southern REOC remains at level 1 Normal Operations Monitoring status.

Storm Damage, City of Pacifica, San Mateo County

- Pacifica experienced damage from the Winter Storms starting in December 2015. Damage includes the Pacifica Pier, Milagra Watershed (possible Caltrans impact), sea wall along Beach Blvd, and private properties on Esplanade Ave and Palmetto Ave, with evacuations along Esplanade Ave. Other areas along the cliff are experiencing significant loss of bluff top as well.
- The Pacifica City Council ratified a local proclamation on Monday, January 25. The initial proclamation was made by City Manager on Friday, January 22. A letter was submitted on Jan 30 asking for CDAA.
- On Monday, February 1, Cal OES Recovery and Coastal Region, the county and city staff will be conducting a damage assessment.

Super Bowl 50

- Both Super Bowl Teams, the Denver Broncos and North Carolina Panthers arrived yesterday in San Jose and begin practicing today.
- Super Bowl 50 activities continue at the NFL Experience and Super Bowl City in San Francisco. There will be numerous events occurring in the city through Feb 7 (Super Bowl 50), including concerts and other large scale events.
- An incident has been created in Web/Cal EOC for Super Bowl 50
- There are two multi discipline/multi jurisdiction conference calls daily, one at 0700 hours and one at 1500 hours
- San Francisco Department of Emergency Management (SF DEM) is activated from 1100 hours to 2300 hours at level 3 every day starting 1/30 and ending on 2/7
- Santa Clara is activated with a Multi Agency Coordination Group (MACG) today and again 2/5 through 2/7
- There are multiple other Departmental Operations Centers (DOCs) and local EOCs activating including a Joint Information Center (JIC)
- The Cal OES Law Branch, Cal OES Fire Branch and Cal OES Coastal Region staff are actively monitoring and physically supporting all Super Bowl 50 events leading up to and including Game Day. Cal OES agency representatives (AREPS) are embedded in various Local Government Operations Centers in the Bay Area.
- Law Branch is monitoring scheduled protests
- Santa Clara County OES will be fully activated today Monday February 1

Super Bowl 50 Weather Situational Awareness

In collaboration with local, state and federal partners, the San Francisco Bay Area National Weather Service (NWS) Weather Forecast Office (WFO) will provide enhanced decision support services to Emergency Management partners in support of their public safety efforts around the National Football League's (NFL) Super Bowl 50 and events leading up to the NFL championship game being held at Levi's Stadium in Santa Clara, California.

This morning's email briefing will serve as a broad weather outlook for the greater San Francisco Bay Area for this weekend and through next week. There will be daily updates through Feb 9th. Additional forecast briefings will be disseminated based on partner request and/or weather demands.

Weather Summary

- Cold Temperatures: Lows will dip into the mid-upper 30s across the North Bay, as well as in San Jose and the Santa Clara Valley. Lows will be in the low-mid 40s in San Francisco. Temperatures this cold will impact vulnerable populations and sensitive vegetation especially outside of the urban areas.
- Rain chances: Light rain chances across the area on Tuesday and again early Thursday. Not expected to be high impact but could impact travel with wet roadways through the Bay Area.

7 Day Area Forecast for the Greater San Francisco Bay Area

Today: Sunny, with a high near 58. Northwest wind 5 to 10 mph increasing to 11 to 16 mph in the afternoon. Winds could gust as high as 25 mph.

Tonight: A 30 percent chance of rain after 4am. Partly cloudy, with a low around 41. West northwest wind 3 to 8 mph.

Tuesday: A chance of rain before 10am, then a slight chance of showers after 10am. Partly sunny, with a high near 56. Southeast wind 6 to 10 mph. Chance of precipitation is 40%. New precipitation amounts of less than a tenth of an inch possible.

Tuesday Night: Partly cloudy, with a low around 43. East southeast wind 6 to 11 mph.

Wednesday: Mostly sunny, with a high near 58. South southeast wind 6 to 10 mph.

Wednesday Night: Mostly cloudy, with a low around 46.

Thursday: Mostly sunny, with a high near 65.

Thursday Night: Partly cloudy, with a low around 47.

Friday: Mostly sunny, with a high near 67.

Friday Night: Partly cloudy, with a low around 45.

Saturday: Sunny, with a high near 68.

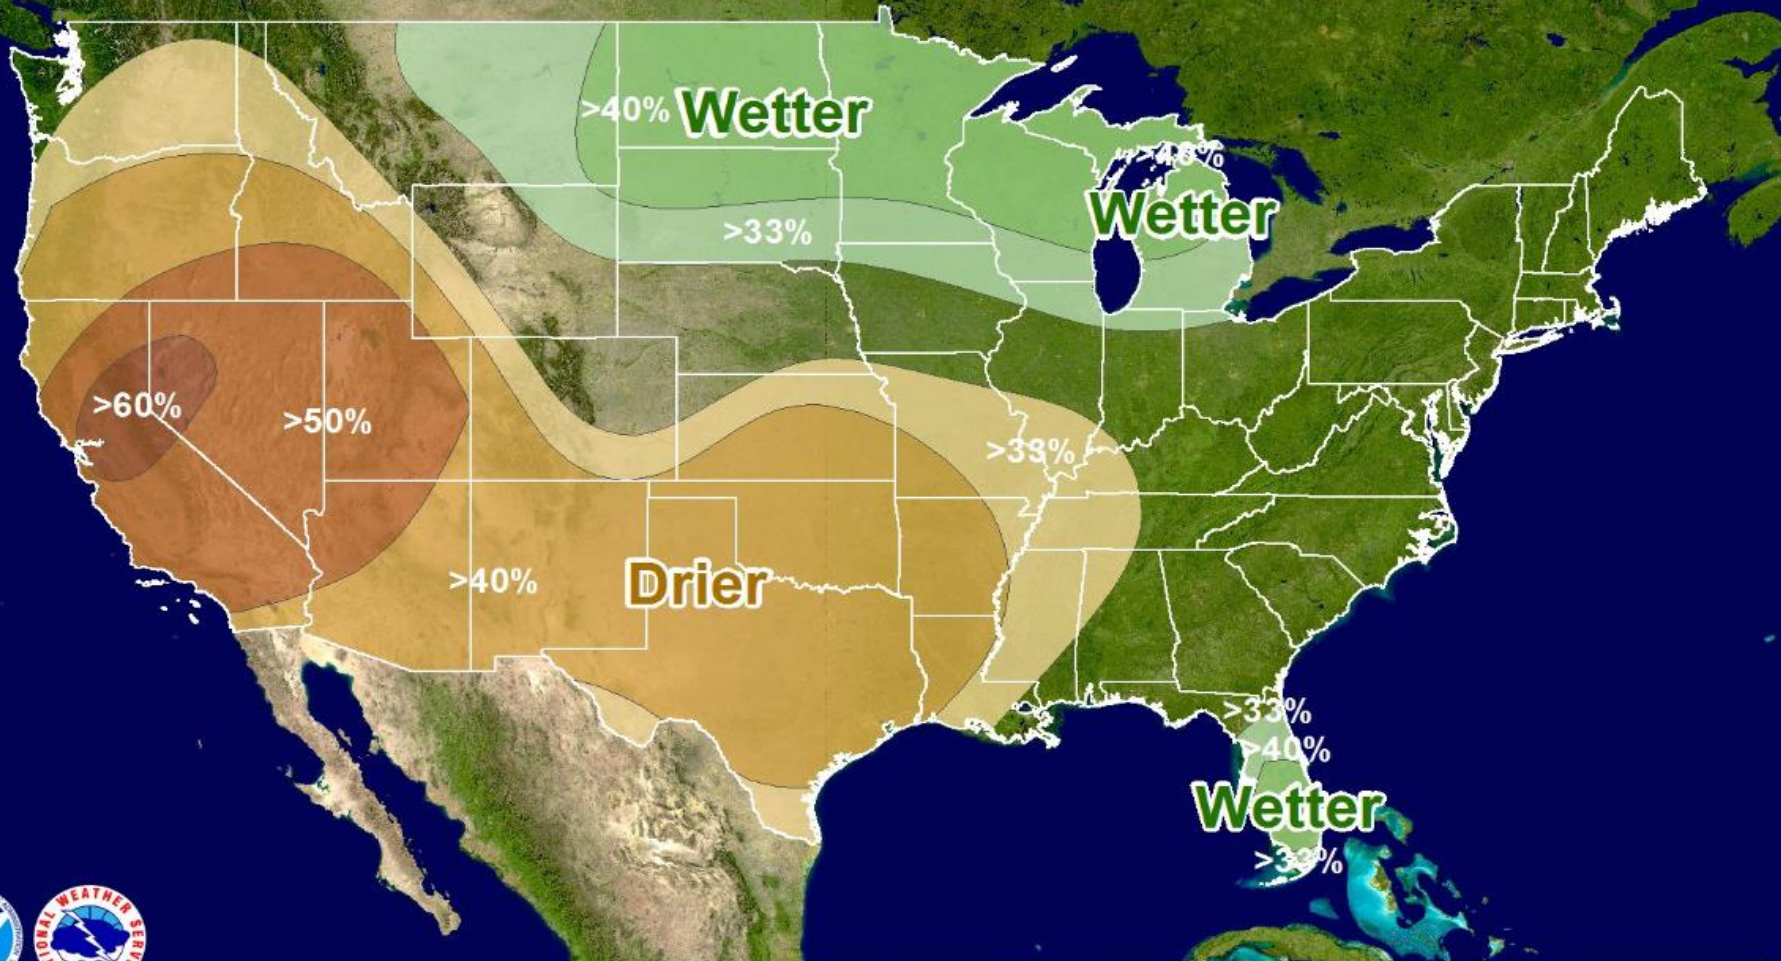

Saturday Night: Mostly clear, with a low around 48.

Sunday: Sunny, with a high near 69.

Note that rainfall probabilities show very low probabilities of rainfall 0.10" or greater the next several days.

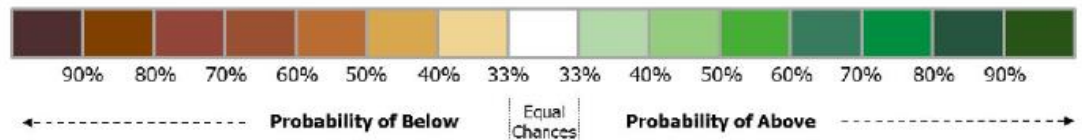

6-10 Day Precipitation Outlook

Feb 06 - Feb 10, 2016

Climate Prediction Center

Issued: 01/31/2016

SITUATION SUMMARY

Weather of Concern

- The weekend storm system is moving out of the State giving way to a predicted 50% drier pattern for the coming week.

River Forecasts

As of 0655 hours on 02/01/16:

- Sacramento River at Tisdale Weir is currently above monitor stage (Sutter County)

Cal EOC Incident – 2014 Drought

- SOC / Inland REOC remains activated in support of 2014 Drought

WEATHER

WEATHER SYNOPSIS BY REGION:

NORTHERN CALIFORNIA AND CENTRAL COASTAL AREAS:

Eureka Weather:

Mostly dry but colder weather conditions will persist through today. A weak trough will quickly move over the area on Tuesday bringing a chance of light rain and snow.

Medford Weather:

The main axis of the upper ridge remains offshore and a system slides down the back of this ridge another round of precipitation to the coast late tonight. Low temperatures come down to near freezing in the Westside valleys under the clearing skies ahead of this system but should rise again as cloud cover increases as it moves inland. This should clear the shallow near freezing layer near the surface and keep the snow levels well off the valley floors as it moves inland Tuesday morning. There will be a break in the action after this system moves to the southeast Tuesday evening before yet another system moves in Tuesday night as the upper level ridge moves through the region.

Reno Weather:

A quieter weather pattern will be in store this week with cold and below average temperatures through midweek. A few brush-by disturbances may provide snow showers on Tuesday and more so by Wednesday. High pressure will then build for the remainder of the week with drier conditions and warming temperatures expected into the weekend.

San Francisco Weather:

Northwest winds will continue to gradually decrease through this morning. Otherwise we can expect dry conditions today along with seasonably cool temperatures. A couple of weak weather systems are expected to produce light rain at times from late tonight through Wednesday evening. High pressure will then build along the West Coast during the second half of the work week and into the weekend...resulting in dry weather along with a warming trend.

Sacramento Weather:

Dry weather with gusty Northerly winds decreasing through the Central Valley today. Next chance for light precipitation will occur on Tuesday and Wednesday as a couple of weak systems move through Northern California.

WEATHER

WEATHER SYNOPSIS BY REGION:

CENTRAL CALIFORNIA AND SOUTHERN SAN JOAQUIN VALLEY:

Hanford Weather:

Winter storm conditions will continue over the Kern County mountains this morning with snow down to 2500 feet. Gusty winds will continue over much of the Central California interior through this afternoon. A few light mainly mountain showers are possible on Tuesday and again on Wednesday night into Thursday. Otherwise dry conditions are expected with warming temperatures through the end of the week.

SOUTHERN CALIFORNIA:

Los Angeles Weather:

Gusty winds will continue through Monday afternoon behind the departing surface low pressure system. The moisture laden North 64 winds will also bring light to moderate snow showers across the Northern foothills and mountains through Monday morning. Surface high pressure will take hold over the Central Rockies providing fair skies and a gradual warming trend through next weekend.

Extreme Southwestern California including Orange, San Diego, Western Riverside and Southwestern San Bernardino Counties:

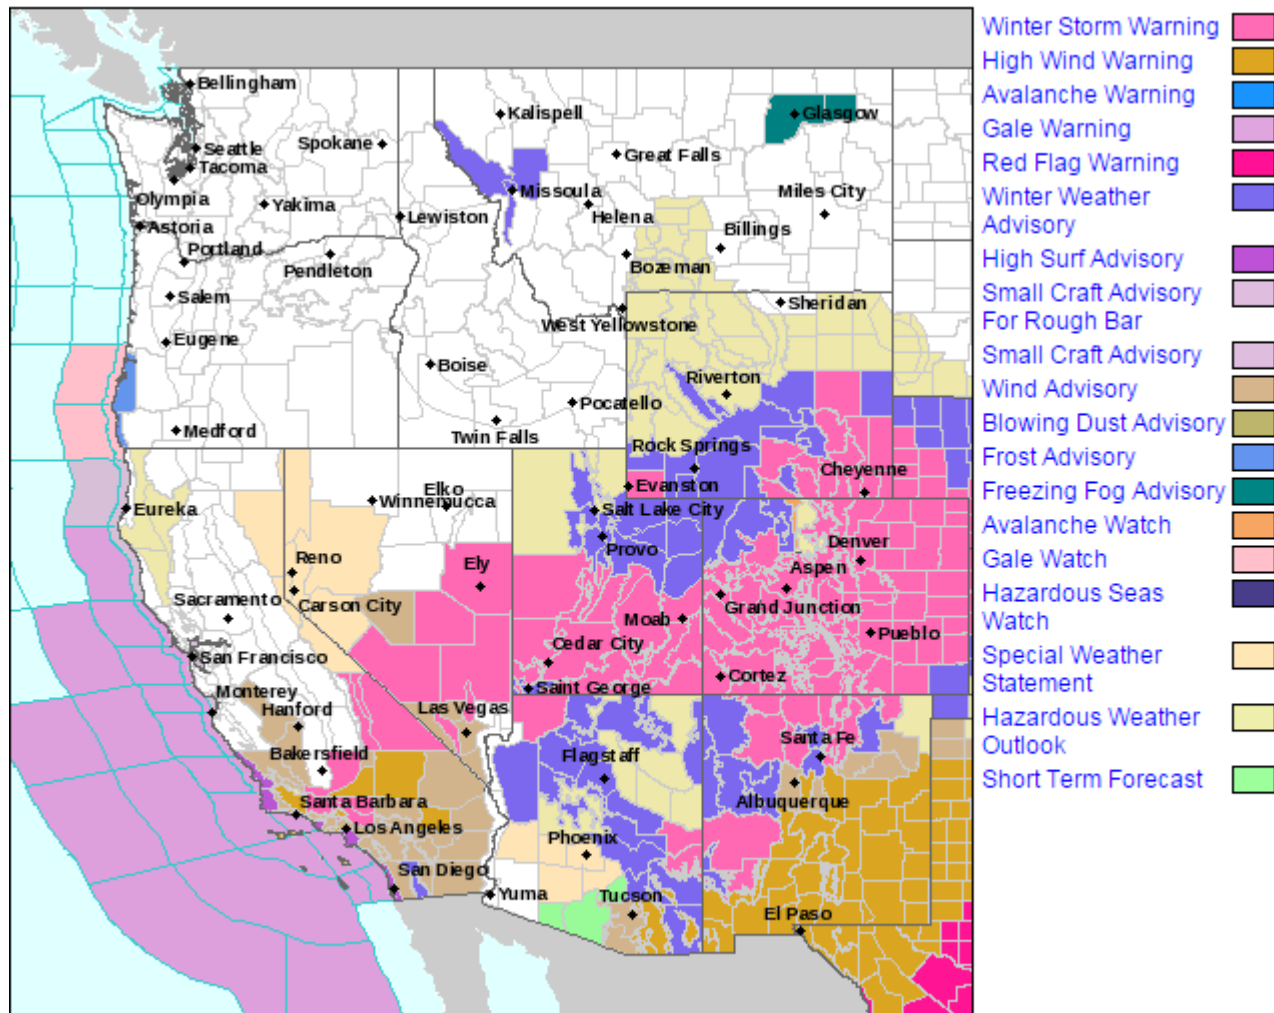

A winter storm over the Southwest states will move East today. Strong gusty West to Northwest winds will continue this morning then slowly decrease this afternoon and evening. Scattered showers mainly over San Diego County will end early this morning. High pressure aloft off the West Coast will strengthen during the week bringing dry weather and a warming trend into next weekend.

Southeast California Weather:

A windy and cold Pacific weather system over the region will slide Eastward today with lingering showers mainly across higher terrain areas of Central and Eastern Arizona. Strong Westerly winds today will gust to 35 mph at times over much of the area with higher gusts across Southeast California. Clearing skies and a very cold air mass will linger Tuesday through Thursday with freezing temperatures during the mornings at many desert locations. Warmer weather will return for the end of the week through the weekend.

CAL OES 2014 DROUGHT

Cal EOC Incident – 2014 Drought

- The SOC is activated in support of the Drought State of Emergency and continue to monitor the situation.
- The Governor issued Executive Order B-26-14 on 09/19/14, to streamline relief efforts for families with drinking water shortages due to drought, specifically through the California Disaster Assistance Act, to provide temporary water supplies to households without water for drinking and/or sanitation purposes.
- The Governor issued Executive Order B-29-15 on 04/01/15 which announced actions that will save water, increase enforcement to prevent wasteful water use, streamline the state's drought response and invest in new technologies to make California more drought resilient.
- CDAA 2014 Drought Fact Sheet and Frequently Asked Questions provided to Regions for reference and distribution.
- Cal OES Recovery continues to coordinate the Community Impacts Workgroup conference calls. Currently, the calls take place on alternating Wednesdays.
- Cal OES Recovery/Individual Assistance finalized an updated 2015 version of the drought brochure of programs and services for individuals, businesses, farmers, and ranchers. It has been put on the Governor's Drought webpage. State agencies may put the following link to the brochure on their webpage <http://ca.gov/drought/pdf/Drought-Assistance-Brochure-2015.pdf>
- Cal OES Regions (Inland, Coastal, Southern) collective OA drought call is facilitated by the SOC and will be held once per month.

CAL OES 2014 DROUGHT

Cal EOC Incident – 2014 Drought

Local Emergency Proclamations:

A total of 63 local Emergency Proclamations have been received to date from city, county, and tribal governments, as well as special districts:

- 29 Counties: Butte, Colusa, Calaveras, El Dorado, Fresno, Glenn, Inyo, Humboldt, Kern, Kings, Lake, Madera, Mariposa, Merced, Modoc, Plumas, San Bernardino, San Joaquin, San Luis Obispo, Santa Barbara, Shasta, Siskiyou, Sonoma, Stanislaus, Sutter, Trinity, Tulare, Tuolumne, and Yuba.
- 13 Cities: City of Live Oak (Sutter County), City of Lodi (San Joaquin County), City of Manteca (San Joaquin County), City of Montague (Siskiyou County), City of Porterville (Tulare County), City of Portola (Plumas County), City of Ripon (San Joaquin County), City of San Juan Bautista (San Benito County), City of Santa Barbara (Santa Barbara County), City of Rancho Cucamonga (San Bernardino County) and City of West Sacramento (Yolo County), City of Willits (Mendocino County), and City of Fort Bragg (Mendocino County).
- 9 Tribes: Cortina Indian Rancheria (Colusa County), Hoopa Valley Tribe (Humboldt County), Karuk Tribe (Siskiyou/Humboldt Counties), Kashia Band of Pomo Indians of the Stewarts Point Rancheria (Sonoma County), Picayune Rancheria of Chukchansi Indians (Madera County) Sherwood Valley Pomo Indian Tribe (Mendocino County), Tule River Indian Tribe (Tulare County), Yocha Dehe Wintun Nation (Yolo County), and Yurok Tribe (Humboldt County).
- 12 Special Districts: Carpinteria Valley Water District (Santa Barbara County), Goleta Water District (Santa Barbara County), Groveland Community Services District (Tuolumne County), Lake Don Pedro Community Services District (Mariposa Stanislaus County), Mariposa Public Utility District (Mariposa County), Meiners Oaks Water District (Ventura County), Montecito Water District (Santa Barbara County), Mountain House Community Service District (San Joaquin County), Nevada Irrigation District (Nevada County), Placer County Water Agency (Placer County), Tuolumne Utilities District (Tuolumne County), and Twain Harte Community Services District (Tuolumne County).

Mission:

We protect lives and property, build capabilities, and support our communities for a resilient California.

We achieve our mission by serving the public through effective collaboration in preparing for, protecting against, responding to, recovering from, and mitigating the impacts of all hazards and threats.
